MESSAGE FROM MR PEMBLETON

Dear Parents and Carers,

With just two weeks to go until the end of term, the festive spirit is in full swing, and we have so many exciting things planned! As this is my first Christmas at the school, I'm hoping everything runs smoothly and successfully, and I can't wait to celebrate the season with you all.

Changes to the End of the Day

Please note the following adjustments:

- **Friday 13th December:** Children can be collected from **1:00pm** for the Winter Fayre.
- **Friday 20th December:** Children can be collected from **2:00pm** as we break up for the Christmas holidays.

Thank you for your support in making these events a success and ensuring smooth pick-up times.

Teaching Important Social Skills

This term, I've had the privilege of teaching the children about important social skills. These lessons are essential for helping children build positive relationships, navigate social situations, and develop confidence. This week, we focused on **respecting personal space** and understanding the importance of not imposing on others' "bubbles." These skills are vital in fostering a kind and respectful school and will help children throughout their lives.

Parent Governor Vacancy

We are looking for a new **Parent Governor** to join our Governing Body. This is a fantastic opportunity to contribute to the school's future and ensure the best outcomes for our children. If you're interested, please see the attached poster or contact the school office, and someone will be happy to discuss the role with you.

Thank you, as always, for your continued support. Let's make these final weeks of term as special and memorable as possible.

New Technology

With Christmas nearly here and with some children receiving new technology or related games, here is a quick reminder of the importance of setting up appropriate parental controls.

Games/Consoles

- Check age ratings: look at the PEGI rating of any new games.
- Remember, PEGI rates the gameplay so whilst it is important to review age ratings, you must also check to see if it has any communication elements.
- If a game does allow your child to communicate with others, then adjust or disable the settings as appropriate to your child.
- On the device itself, set up applicable controls such as restricting spending limits and managing who they can communicate with. Follow the links below to find out how to set up Parental Controls for some devices here:
